

## ENGLISH:

## THE POLAR EXPRESS

We will be looking at *The Polar Express* by Chris Van Allsburg to find out about the most magical recount.

## How Santa Really Works

We will also be looking at explanation texts to find out *How Santa Really Works* by Alan Snow.

## GEOGRAPHY

The two coldest places on earth are at the North Pole...

...and the South Pole.

The North Pole is in the Northern Hemisphere and is a large area of ice and snow.

The South Pole is in the Southern Hemisphere and is a large continent. It is land that is covered in ice and snow.

The Equator is the imaginary line that goes around the middle of the earth, where it is hottest.

## MATHS:

Your child should already know their 2,5 and 10 x table really well.

They should practise their 3,4 and 6 x tables.

We will be learning ways to add and subtract larger numbers this term so check you still know what each digit represents in a number!

ART: We will be building on the skills we have learned using colour and shade and will explore more materials that we can use to practise our drawing skills to produce work based on the North Pole

## SCIENCE:

We will be learning all about magnets this term, We will find out what they are, what they do how they work and how they can be useful!

Please remember:

- PE Kits should be in school all week please.
- Children will have spellings to learn each week.
- Please make sure your child reads and talks about their book with an adult each day.
